SUBJECT: PRO ACTIVE MINISTRIES

Dear Partners:

Cal Wheeler
9-20-03

It is with great excitement that this letter is used to introduce Pro Active Ministries. Pro Active Ministries wants to be a facilitator between Church and community including law enforcement. This commitment is most reinforced with our affiliations with Champions for Life Ministry.¹ With the assistance of the General Chairman for Champions for Life, Cal Wheeler, he has agreed to have me assist him with the upcoming Champions for Life ministry outreaches to the prisons. This will be a great opportunity to expose the heart of my ministry to a larger audience.

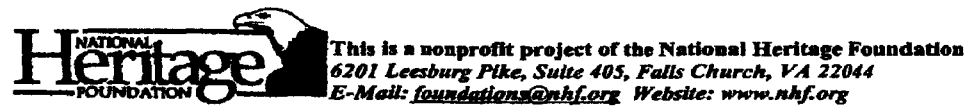

The primary component of my ministry is based on the "Know Your Rights" campaign. In 1994, Mr. Pierce was watching a television program in which a police officer, upon handcuffing the suspect, began to read the Miranda Rights to her. It was through this that Mr. Pierce was aware of the need for Christians to know their rights in Christ. As a result, this birthed the "Know Your Rights" campaign.

As the pillars of the business community, it is our duty to lead the way for the youth in our area. It is not only a benefit to the youth, but also to our business success. They will be the next employees, employers and consumers in the coming years. It is vital that the ethical standards be set. Pro Active Ministries is preparing to meet this challenge head on by establishing a connection between church, community groups and law enforcement.² This is an investment that will yield long-term success for businesses in this community. The financial support received by this ministry will be used solely for the costs associated with the operation of this ministry. Know that this will be a great investment in the community as we partner together for a better future.

Sincerely,

VICTOR V. PIERCE

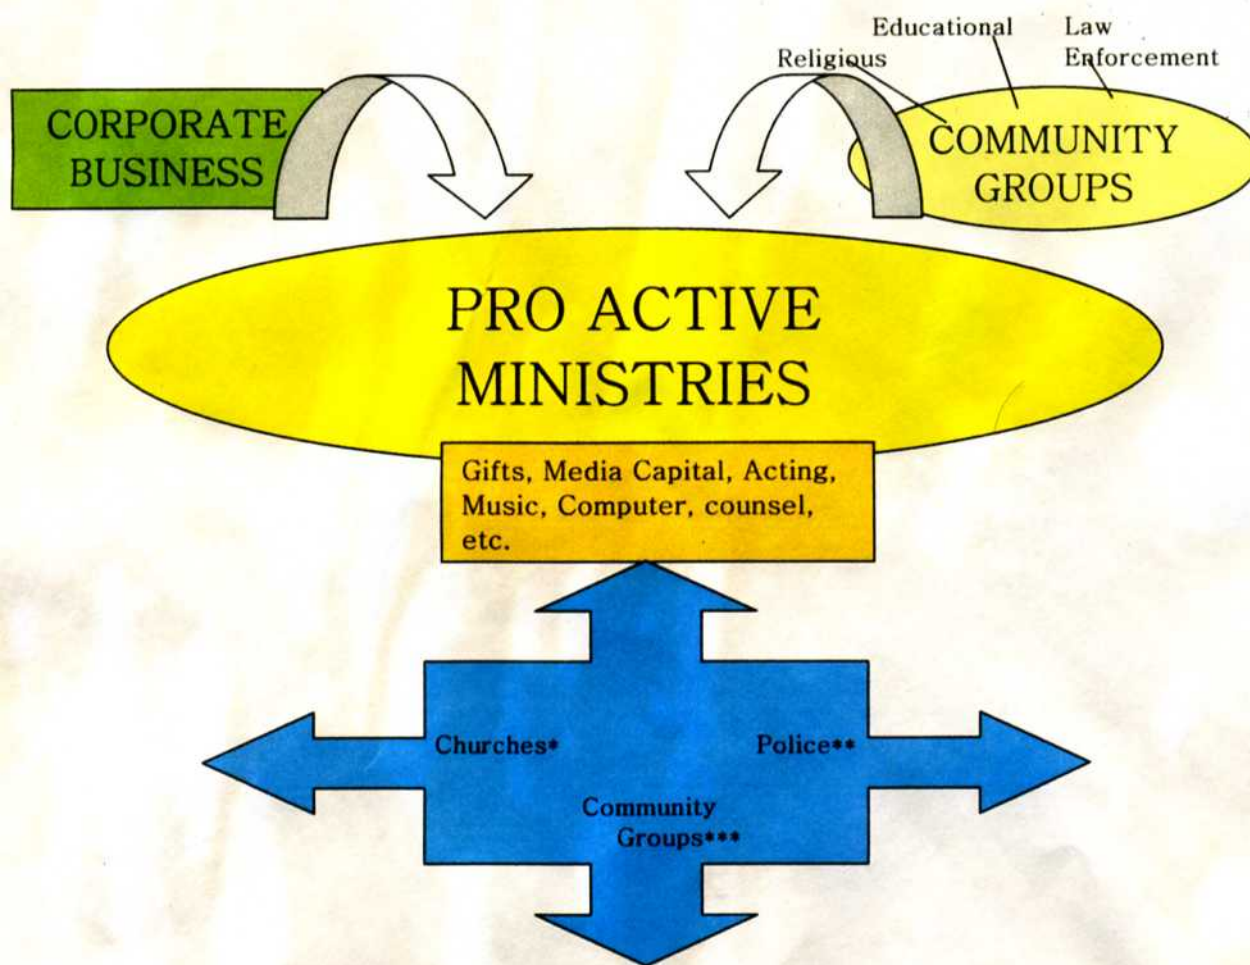

Foundation Director
Pro Active Ministries (Unique Christian Ministries)

¹ I am writing to recommend Victor Pierce in his attempt to secure assistance for his "Know Your Rights" products. Victor has been working with me as the chair of Promotions for the upcoming Weekend of Champions and has been doing an exemplary job. Victor has shared his God-given vision for this ministry and I believe there is a lot of potential. I believe with God's timing and financial assistance, Victor and his ministry will provide a much-needed benefit to the community. (Letter dated May 30, 2003 from Cal Wheeler, General Chairman for Champions for Life)

These relationships would be established within the structure of a system that would be provided within a public service format (i.e. community groups, churches, law enforcement). As a result, establishing a tracking mechanism from youth to adulthood where successes result in employment and higher education.
